Countertop 3000

Here's why the Countertop 3000 is the smart choice for your business:

SPEED-UP CHECKOUT

Features fast processing speeds and a large dedicated contactless card reader zone designed to boost checkout speed.

ALL MAJOR PAYMENT TYPES

Accepts all major payment types, including EMV® contactless and digital wallets.

COMPACT DESIGN

Sleek, modern design takes up little counter space and offers both pin-pad and touch display.

ADVANCED SECURITY

Enhanced payment security with PCI PTS 5.x certification.

VIBRANT DISPLAY

Bright splash screen enhances the customer experience and offers a great place to showcase in-store promotions, loyalty programs and more.

EASY, CUSTOMIZABLE

Easy to integrate at any lane or retail kiosk. Upgrade to add camera.

DURABLE DESIGN

Made for intensive retail usage, featuring a heavy-duty magnetic stripe.
